

This week in Year 3...

Dear Parents and Carers,

Trip to WWF Woking on Tuesday 15th October:

- Please ensure your child has a packed lunch and a named water bottle.
- Please send a waterproof coat with your child

Benchball Competition 24th October 1pm-3pm at Trevelyan Middle School

We will be taking 3 teams to this competition which is run by the Windsor Sports Partnership. I will send a letter in the next couple of days with confirmed details. At the moment I anticipate the children needing to be picked up at Trevelyan at 3pm from the car park, otherwise we won't be back at school until 3.40pm and as it is the last day of the term I expect some of you will want to be making a quick getaway.

Children will all need a packed lunch and a waterproof coat.

If you can help please let me know; I need at least 2 volunteers to come with us.

Homework:

- Spelling: this week it is words from the statutory Year 3 word list.
- Maths: TT Rockstars (minimum 10 garage games to be completed by Friday morning). Only 12/28 children completed this task last week; it is not optional, please help your child login and do let me know if there is a problem with accessing the website. I have tested all the logins over the weekend and I think they are all working. There is also a written maths task in back of the red folder
- English: there is a speech punctuation task to complete in the red folder.
- Reading: Golden points will be given to children who read and complete the record every day.

English: We are writing our own re-telling of the Daedalus and Icarus legend using the different aspects of grammar we have covered this term. We will also be hearing all the legends the children have prepared.

Maths: we will be working on place value and ordering 3 digit numbers, rounding to the nearest 10 and 100 and subtracting by counting up. I will put a video of how we use Maths Frog to explain this method on the Abacus website next week.

Brass: if you return the brass hire slips with a transaction number on then I can send the instrument home. Now we just have to remember to send the instruments in on a Friday morning!

EM
